

May 27, 2020

We look forward to seeing you! To ensure everyone's safety, we ask that you read and follow these guidelines prior to reporting to your upcoming appointment.

All appointments will have to answer a few brief questions two times before entering our building.

- at the time of your appointment being scheduled
- when you arrive to our location (regardless of time you scheduled)

Please stay in your vehicle and call us when you arrive. We also have a doorbell, with a speaker, located to the left of our front door if you are unable to call.

You must wear a mask to enter the building. If you do not have a mask we will provide you with one.

When you enter our building, please use the hand sanitizer located on the wall before you enter the 2nd door way.

Wait to have your temperature checked by someone from our staff.

You will be directed to the operatory where you will wait to be seen by the scheduled technician.

If you need to use the rest room we ask that you follow these guidelines

- If using the toilets/urinal please wipe down the handles and seat with provided wipes
- **Do not discard any trash in toilet** → all trash should be tossed in trash receptacles in the bathroom.
- Thoroughly wash (Minimum of 20 seconds) your hands
- Use the paper towels to dry your hands and use the same towel to turn water to sink off and to open the door to exit the rest room.

We appreciate your cooperation!
